Welcome!

A Message

from

Elizabeth Patterson
Mayor, City of Benicia

It is my great pleasure to welcome you to Benicia on the weekend of Benicia Open Studios, sponsored by Arts Benicia. We're glad you're here, and we invite you to sample the many attractions that make Benicia a popular and family friendly tourist destination and a great community in which to live.

The story of our vibrant, internationally recognized arts community is intertwined with Benicia's history. The military reservation known as "The Arsenal," founded in 1850, supplied our country's military with equipment and munitions for much of its history. In recent decades this area has become a revitalized art district and home to some of the Bay Area's most talented artists and craftspersons. I know you will enjoy meeting these artists as they open their studio doors to you throughout Benicia's Historic Arsenal District as well as in studios and galleries around town.

This is a special year for Open Studios, as its sponsor, Arts Benicia, celebrates its 30th anniversary offering programs to stimulate and nurture the arts in Benicia and the surrounding region. As a community, we recognize that cultural elements are integral to our quality of life. I am proud of the many individuals, businesses and organizations that partner to make this event and others like it possible.

While you are here, along with visiting the many artists' studios in the Arsenal and throughout town, please stroll down First Street toward our beautiful waterfront and take advantage of our superior restaurants and cafes, bookshops and galleries, antique shops and boutiques, open spaces and parks, where you will be greeted by warm, friendly people who want to make your stay in Benicia memorable and fun. Have a fantastic weekend exploring Benicia with Benicia Open Studios. We hope to see you again soon.

Elizabeth Patterson, Mayor

Arts Benicia is proud to present Benicia Open Studios 2017

This year we have over 90 exceptional artists who are excited to share their art with you as they invite you into their studios. Our Benicia Open Studios catalog provides a preview of their outstanding work and a map of studio and gallery locations to help you plan your weekend.

Start by visiting the Arts Benicia gallery on Tyler Street to see our current exhibition, Mike Kendall – Off the Wall. You'll have an opportunity to talk with Mike about his artworks. Explore the historic Arsenal District artists' studios on Jackson, Tyler

and Grant Streets, then catch a free ride on the SolTrans Shuttle to First Street to see glass blowing, tour galleries, speak with artists about their work, and watch demonstrations. This is the perfect opportunity to purchase original art directly from artists. Make sure to check the map for the studios around town so you don't miss any. Look for the Open Studio signs!

Arts Benicia wishes to thank all the participating artists and galleries and our generous Open Studios sponsors for their support of this event. Our sponsors' ads are featured throughout our anniversary catalog. When you visit these

sponsors' businesses, restaurants, and organizations this weekend and throughout the year, let them know how much their support for the arts in Benicia means to the community and region. We are deeply grateful for their sponsorship.

Enjoy your Open Studios experience!
