

Virginia S George
Artist Statement
Art of a Community, 2021

I am a Walnut Creek, CA, artist. Since 2018, I have been focused exclusively on painted and found paper collage.

Scraps is a 9x12 collage (framed 12x16) in which I use bits of paper I painted and found that were left over from larger collage projects. It is both challenging and fun to create a collage with these small pieces, trimming them into squares and rectangles to form a pleasing composition. The pieces in this collage work together to suggest a tribal weaving.

You can see more of my work on viriniageorgecollage.com. My work is also on Instagram @viriniageorgecollage.
