

Dee Tivenan

Artist Statement:

I create to connect. I create art intuitively by translating the moment through color and form. My process is an expressive art of allowing...allowing the moment and connection to it to flow and reveal the boundlessness of creativity. May my artwork be a source of upliftment, positivity, joy and beauty in people's lives. And, above all, may it inspire humanity to recall that creativity is an adventure of remembering the truth of who are: whole, healthy and wise.
