About My Work

My work focuses on the coastal areas and towns that surround San Francisco Bay. I grew up in the area and have seen many dramatic changes there. Now I find myself seeking out the parts that haven't been affected too much and still retain some the area's uniqueness. Making paintings of these places is the best way I have to share my interest in their disappearing character and also preserve something of my past.

Education

MFA (Pictorial Arts) San Jose State University (1990)

BFA (Painting and Drawing) San Jose State University (1986)
